

Introduction to Joey Korn's Remote Spiritual Housecleaning Sessions

*Thank you for your interest in my
Remote Spiritual Housecleaning services.*

This article is intended to help you better understand the process we will go through in a session. If you would like to schedule an appointment, please call or email us to do that, unless you've already done so. Our phone numbers and email addresses are below. If you have already set up a session, I'll call you at the scheduled time.

Either way, I'd like to know as little as possible about what's going on in your life, *until after I do the dowsing work*. Once I have given you the assessment of what I have found, *we can talk about anything*. That's important, because it all gets down to what's going on in your life and the lives of others who are close to you. However, if you feel the need to share more with us, please talk to Jill about it. She knows what not to tell me and knows when something is relevant to tell me.

What We'll Do In Our Session

I will call you at the scheduled time and will establish an energetic connection with you and your space by saying an extended blessing to connect all of the energies of your home and property to my home and property. I call on all of the energies I work with to connect, including:

- Human-related energies, including people living in the home and those who may be imprinted in or energetically connected to your home,
- Earth energy lines or leys related to the home and property,
- Non-human related energies, such as pets,
- The energy fields related to underground water,
- Other Earth Energies, such as Hartmann, Curry & Benker Grid Lines,
- Electrical fields around appliances and other electrical devices, including larger devices, such as transformers and cell towers that might be affecting the energies of the home,
- And any other energies that may be appropriate for me to be aware of in order to help my client.

After I've said this blessing, I quickly check with dowsing to assure that I have the connection. Then we hang up for about twenty minutes, while I do the dowsing and take notes about what I find.

Once I create the connection, for all intents and purposes, there will be a holographic energetic imprint of your home and property over my home and property, and a direct connection between the two. I can then explore all the energies in my home as though I was in your home, and I can find all the energies that may be affecting you there. I also do this for businesses or for larger tracts of land.

After I do the dowsing and take notes of what I find, I will call you back and give you an assessment. We may have to do some blessing work together to determine who some of the energies are related to. Once I give you this assessment, we can discuss anything that is going on in your life, because, that's basically what it all boils down to.

Remember, We Create Our Own Energy Environments

We are energy beings living in a sea of invisible energies. We create our energy environments with our thoughts, actions, and emotions. The energies in our home are macrocosms of the energies within us, however this can get quite complex. You affect the energies of your home. Other people you live with affect the energies, as well as others who might be energetically connected to your home, such as friends and family members who have visited and possibly former occupants. Anyone close to you and in regular contact with you can imprint in your home, even if they have not been in your home.

There can also be external influences, such as Earthbound Spirits and what I call "interference energy," which we'll talk about if I find either one. However, even in this case, don't fear or worry about this. I can remove them or "move them on," as appropriate.

By working together, we will be able to tell who or what some of the energies are related to. We may not determine who each person is that is connected there, but we'll remove their patterns so they will no longer affect your energies.

Benefits of a Session with Joey

After a session with me, your Human Energy Pattern and the patterns of others who may live with you will be balanced and beneficial. The energies within you and around you, throughout your home and property, will be ideal to support what you most desire to bring into your life.

Clients have also shared the following:

- Sleep better
- Feel more energetic
- Feel less anxious
- Generally feel better in their home or workplace
- Have better relationships with spouse, children, and others
- Better able to handle stresses and strains of life
- Pets are more calm
- More clarity and focus in life

I'll do a follow-up within 90 days of the original *session at your request, if you feel the need*. There is no extra charge for this. I usually don't get on the phone with you, unless you or I see the need to. I simply connect to the energies of your

home, do the dowsing, and I usually just send you an email to give you an overall assessment. However, if either of us feels the need to talk, we'll get on the phone.

Until then, be sure to keep using the Simple Blessing Process. I start you off with a clean slate. It's then up to you to keep it that way with regular use of the Simple Blessing Process and by acting in your life to resolve your key life issues.

Below, you'll find a more detailed explanation of how I understand and work with the energies. Please read all of it before our session.

Services and Fees:

- *Remote Energy Housecleaning for your Business or Workplace (Typically \$200 for a home or small business/workplace no larger than a typical home. Larger businesses may require several connections to different sections, and will cost more. If we do your home and business, which is usually recommended, I give a 50% discount for the office or other home locations ordered at the same time. If I don't find significant imbalances in the energies of any place, I reduce the price accordingly. It all depends on how many connections and how much of my time it takes. For example, large buildings may require several connections to various sections and/or floors. I try to always be fair with my charges, and will sometimes reduce fees if appropriate on a case-by-case basis.)*
- *Large or Small Tracts of Land (The cost for this depends on the size of property and number of buildings on property. Sometimes, each building requires a different connection.)*
- *Real Estate For Sale or For Purchase. I do pre-checks of potential homes and properties for \$50 each, give you an assessment, and tell you if there is anything to avoid. Then once you choose a place and move in, we get on the phone for another dowsing and clearing with blessings. This session will be \$150. It's the reverse of a regular session with an email follow-up later.*
- *I work with repeat clients for a reduced rate of \$150 for a session.*

- *I work with some people on a regular basis, such as quarterly, and we offer reduced rates for this. This is especially helpful if you have people regularly coming into your home or office for some kind of therapy.*

How I Work With Subtle Energies

Many people who do remote space clearing use a map or diagram to represent the home and property, and I used to do that too. However, it occurred to me one day that if I could access the energies of a remote home through a drawing on a piece of paper, I should be able to access the remote home through my home? Instead of connecting through the diagram, I connect the remote home to my home and my home becomes the diagram of the remote home. Since there are no time and space limitations to these subtle energies, all I need to do this is a name, a request, and the physical address of the home, business, or property.

I use dowsing to explore the world of subtle energies that are everywhere around and within us. Just about anyone can learn to detect these energies with dowsing, yet the most sensitive scientific instruments, meters, and gauges cannot detect these energies. I use L-rods to find these energies, which are L-shaped pieces of wire.

With my dowsing, I have found a crisscrossing pattern or matrix of energies around every human being that I call the Human Energy Pattern. We are connected to this pattern and it goes with us everywhere we go. At the core of the pattern, is what I consider to be the human soul level of the Tree of Life in Kabbalah. (See Illustrations below. To learn more, go to <http://www.dowers.com/dowsing-the-kabbalistic-tree-of-life/>).

We want our patterns to be clear, balanced, and beneficial, but most of us have some imbalances in our patterns. We'll balance your pattern(s) and you'll learn how you can keep them clear and balanced.

How Others See the Earth Energies

I'd like to explain my understanding of what many call "geopathic stress," as compared to how most others think about it, if they do any kind of space clearing work, whether remote or on-site. Dowzers and many others around the world believe there are energies in the earth that cause problems in our lives. They think that your home (or anyone's home) might just happen to have been built in these detrimental Earth energies, and, more significantly, that your bed, your desk, or your favorite chair may have been placed in these energies. They believe that these energies weaken us, weaken our immune systems and, over time, can cause illness and other problems in our lives, hence the term "geopathic stress." "Geo" means "of the Earth" and "pathic" relates to illness. It is also believed that they can cause mental, emotional, relationship, and financial problems, just to name a few.

The True Role of the Earth Energies in Our Homes

I come from just the opposite perspective. The earth energies are here to support us, not harm us. They're our energetic mirrors, constantly reflecting us back to us. *We* make the Earth energies detrimental *with* our negative thoughts, actions, and emotions, with our inappropriate reactions to our struggles and strains of life, not the other way around.

Any or all of the Earth Energies in our homes can either be balanced and beneficial or unbalanced and detrimental, as to their effect on us. This can be detected and experienced quite easily with dowsing and muscle testing. For the most part, by far, I've come to understand that these energies are caused to be detrimental or beneficial by us. It all starts with what I call the Human Energy Pattern.

How the Earth Energies Become Detrimental

Imbalances in our lives manifest as imbalances in our energy patterns. These imbalances can be found with dowsing, and they affect us, as well as others, as though they were detrimental energies. Let's assume that you start your life with a completely balanced energy pattern, which I consider to be the natural order of things. As you have negative or inappropriate reactions to your issues in life, you cloud portions of your pattern that are related to that issue. As one issue builds on top of other issues, your pattern continues to cloud more and more until parts of it become what I call "out of balance," or detrimental. The more fear, anxiety, anger, jealousy, etc. that you have in your life, the more out of balance you make your energy pattern. Anyone who stands in any of the lines that are out of balance in your pattern will be weakened, which can be easily determined with muscle testing.

Introduction to Joey Korn's Remote Spiritual Housecleaning Sessions

The imbalances in your own Human Energy Pattern will reflect out as detrimental earth energies in any room you are physically in or any room you are imprinted in. You can imprint your pattern in time and space anywhere you happen to be, and you always imprint your pattern when you lie down on a physical structure like a bed. At this level, I call it the Bed Pattern. This imprint is a part of you and you are connected to it, no matter how far you are away from this pattern. If you do something to change your Human Energy Pattern, it will change your Bed Pattern, and vice versa.

If your imbalances are strong enough, meaning your anger, fear, anguish, etc. are intense enough, it will extend out, making the same pattern over your entire home, as the "House Pattern." This pattern is in what I call "higher order Earth energy lines or leys related to your home and property." If any portion of your House Pattern is detrimental, all of your House Pattern will be detrimental. A detrimental House Pattern is related to more deep-seated issues in your life. It's all about the intensity of your imbalances.

If your imbalances are even more intense, they can extend into what dowsers call the Hartmann Grid, the Curry Grid, and the Benker Grid, in that order. The stronger your imbalances or the more intense your fear and anxiety, the more detrimental Earth energies you will have in your living environment. It's a matter of the degree of intensity.

Again, most people who do space clearing work would say these energies create "geopathic stress zones" and that they actually cause the problems in our lives. I have come to understand that our negative or inappropriate reactions to our stresses and strains of life cause the earth energies to be detrimental. Doesn't that make more sense?

Dowsers have found that blocking, diverting, neutralizing, or avoiding these energies helps the people living in that particular home. This is true, but what they're doing is indirectly affecting the energies of the people. It's like treating the symptoms rather than the source of the pain. For the most part, if you just balance the Human Energy Patterns of the people living in and/or imprinted in that home with appropriate blessing work, all or most of the earth energies in the home will come into balance and become beneficial. Some energies have to be removed in order to keep the energies of the home beneficial. I determine which energies need to be balanced and which need to be removed when I do the dowsing.

After we complete our session, I will send you a series of files that will help you understand how to keep the energies in your own pattern(s) and in your home or office balanced and beneficial. Don't forget that you can call on me for a follow-up within 90 days of our session.
