## **Things that Go Bump in the Night** *with Joey Korn*

Do ghosts actually exist? Can spirits really cause supernatural events to happen in our homes? Joey answers those questions with a resounding “Yes!” Joey finds two primary causes of paranormal activity in homes: one is Earthbound Spirits and the other is what Joey calls “Interference Energy,” which is much more common in homes. Joey works with these energies in peoples’ homes almost every day.

Earthbound Spirits are human beings who have died and have trapped themselves in the astral plane and are still very much aware of the physical world.

Interference Energy opens doorways or portals to the astral plane and causes intense energy imbalances in people and homes.

In time, Earthbound Spirits and negative beings or “entities” in the astral plane can learn to manipulate our physical environments, causing footsteps and other sounds, fleeting shadows, odors, lights turning on and off, voices, plumbing problems, objects falling off shelves, etc. With some people, they may not feel good, are unable to focus, can’t sleep, feel depressed, etc.

Joey will help you learn to recognize the symptoms and give you insight into removing most Interference Energy from your home. He’ll also explain how he locates and moves Earthbound Spirits on to their true Home in the Higher Realms.

*Joey Korn* is a modern-day mystic and a global leader in the world of dowsing, specializing in personal energy clearing and spiritual space clearing. He has found dowsing combined with the Blessing Process to be the most powerful spiritual tool that we each have at our disposal to heal, grow spiritually, and improve our lives.

Joey integrates the ancient teachings of Kabbalah, the ancient art of dowsing, and modern-day quantum physics as he condenses many years of personal exploration into an extraordinary system of practical understanding and energy work.
