

Three-Step Pattern Removal & Home Blessing Process by Joey Korn

Use this process whenever you feel things might be energetically out of balance in your home or office, which likely means that someone from outside the home/office is imprinted there and causing energy problems. If this doesn't clear the energies of your home/office, you can always call on me. You can also use this in hotel rooms.

- 1.) Say the Simple Blessing Process over yourself and over all who might be imprinted in your home, office, or practice. Say it with intent, and do it twice. Pause at each ... to add intent and envision the process.

Dear God, please bless my home (or office/practice or both)
And bless all who are energetically connected to my home/office,
Including my family (or staff) and me,
To bring healing and balance to our complete beings,
Physically...Emotionally...Mentally...and Spiritually.
Thank you. Amen

- 2.) Say the Pattern Removal Blessing below, with intent and while envisioning the process. Do it twice to be sure.

Dear God, please bless my home (or office/practice or both)
And remove any Human Energy Patterns
Or break connections to any human beings who are connected here now
And are no longer appropriately connected here
For my own good and well being
And for the good and well-being of my family (or staff, clients, patients,)
Thank you. Amen.

IMPORTANT: Now envision energy lines extending out from your home, connected to people that could be anywhere. Then imagine a big sharp knife and swoop it around the outside of your home, cutting all those energy lines or cords.

- 3.) Say the Whole House Blessing. Say it with intent and say it twice.

Dear God, please bless me and all of my family (or staff)
And charge my/our home (or office) with energy to support me/us.
Bless all the Earth energies, all the human-related energies,
And all electrical fields radiating from appliances throughout my home/office
To create a unique energy environment, within and around us,
To bring healing and balance to our complete beings,
Physically...Emotionally...Mentally...and Spiritually.
Thank you. Amen.
