

Blessing EMF's to Balance Other Energies

By Joey Korn

Dear God, please bless that device (phone, computer, TV, etc.)
And the spiraling energy field radiating from it
So that no matter which way it's turned or placed
The energy field radiating from it
Will blend with the energies of the Bed Pattern,
The Human Energy Pattern, the chakra system,
The meridian system, and the physical body
And will balance any imbalances in those energy systems
To create an ideal energy environment
To support me/him/her/us in my/his/her/our life
To draw me/us/him/her ever closer to my/our/his/her
Highest potential as a spiritual being(s) of Light.
Thank you,
Amen.

Simple Version:

Dear God, please bless that device
And the spiraling energy field radiating from it
To bring healing and balance to the complete beings
Of all who enter its field,
Physically, emotionally, mentally, and spiritually.
Thank you,
Amen.

To bless an object you wear (watch, glasses, etc.) to protect you from detrimental electrical fields while you are away from home. Do this every time you leave your home..

Dear God, please bless this object (or watch, ring, glasses)
So that as I pass through electrical fields,
It will change any detrimental electrical fields to be beneficial
While I am in them.
Thank you.
Amen.
