

Introduction to Joey Korn's Remote Spiritual Housecleaning Sessions

*Thank you for your interest in my
Remote Spiritual Housecleaning services.*

This article is intended to help you better understand the process we will go through in a session. If you would like to schedule an appointment, please call or email us to do that, unless you've already done so. Our phone numbers and email addresses are below. Fees and services are explained below. If you have already set up a session, I'll call you at the scheduled time. *However, if I'm even five minutes late, please pick up the phone and call me.*

I like to know as little as possible about what's going on in your life, *until after I do the dowsing work.* Once I have given you the assessment of what I find with my dowsing work, *we can talk about anything.* As you will learn, this session all gets down to what's going on in your life and in the lives of others you are close to. However, if you feel the need to share more with us, feel free to talk with Jill about it. She knows when something is relevant to tell me.

What We'll Do in Our Session

Before I call you at the appointment time, I will have established an energetic connection with you and your space by saying an extended blessing to connect all the energies of your home and property to my home and property. Once I create the connection, for all intents and purposes, there will be a holographic energetic imprint of your home and property over my home and property, and a direct connection between the two. I can then explore all the energies in my home as though I were in your home, and I can find all the energies that may be affecting you there. I also do clearings for businesses, larger tracts of land, for those who own rental property, have properties for sale, or those looking for properties to purchase. (See Services and Fees on page 3.)

I call for all the energies I work with to connect, including:

- Human-related energies, including people living in the home and those who may be imprinted in or energetically connected to your home,
- Non-human related energies, such as pets,
- The energy fields related to underground water,
- Energy lines related to other Earth energies, such as energy leys, and Hartmann, Curry, & Benker Grid lines,
- Electrical fields around appliances and other electrical devices, including larger devices, such as transformers and cell towers that might be affecting the energies of the home,
- And any other energies that may be appropriate for me to be aware of to help you and your family.

After I do the dowsing and take notes of what I find, I will call you at the appointment time and go right into the assessment. We may have to do some blessing work together to determine who some of the energies are related to. Once I give you this assessment, we can discuss anything that is going on in your life, because, again, that's basically what it all boils down to.

Remember, We Create Our Own Energy Environments

We are energy beings living in a sea of invisible energies. We create our energy environments with our thoughts, actions, and emotions. The energies in our home are macrocosms of the energies within us. This can get quite complex. You and others you live with affect the energies of your home, as well as others who might be energetically connected to your home, such as friends and family members who have visited and possibly, former occupants, if you haven't lived in your current home very long. Anyone close to you and in regular contact with you can imprint in your home, even if you just communicate over the phone and think about them a lot.

There can also be external influences, such as Earthbound Spirits and what I call Interference Energy, which we'll talk about if I find either one. However, even in this case, don't fear or worry about this. I can remove these energies or "move them on," as appropriate. Interference Energy is very common in my clients' homes and if you have concerns about the energies in your home, it is quite likely you have Interference Energy in your home. For most people, these energies cause anxiety, insomnia, etc., and can exacerbate negativity and symptoms of disease. Interference Energy and Earthbound Spirits can also cause paranormal experiences in homes, like knocking and rapping sounds, lights going on and off, strange odors, and much more. (See my article, "[Things that Go Bump in the Night](#)," to learn more about this, but please finish reading this article first.)

By working together, we will be able to tell who or what the energy problems are related to. We may not determine who every person is that is connected there, but we'll remove their energy patterns, so they will no longer affect your energies and the energies of your home.

Benefits of a Session with Joey

After a session with me, your Human Energy Pattern and the energy patterns of others who may live with you will be balanced and beneficial. The energies within you and around you, throughout your home and property, will be ideal to support what you most desire to bring into your life.

Clients have also shared the following:

- They sleep better,
- Feel more energetic,
- Feel less anxious,
- Feel better in general, especially while in their home or workplace,
- Have better relationships with spouse, children, and others,
- Better able to handle stresses and strains of life,
- Pets are more calm,
- And most feel more clarity and focus in life.

I'll do a follow-up within 90 days of the original *session at your request, if you feel the need*. There is no extra charge for this. I usually don't get on the phone with you, unless you or I see the need to. I simply connect to the energies of your home, do the dowsing, and I usually just send you an email to give you an overall assessment. However, if either of us feels the need to talk, we'll get on the phone.

I start you off with a clean slate. It's then up to you to keep it that way with regular use of the Simple Blessing Process and, when necessary, the Three-Step Process, both of which I will send you in writing after our session. Remember also that you must take appropriate actions to resolve your key life issues.

Below, you'll find a more detailed explanation of how I understand and work with the energies, as well as fees for my services. Please read all of it before our session.

Services and Fees:

- *Remote Energy Housecleaning for your Business or Workplace. The fee for a session is \$250 for a home or small business/workplace no larger than a typical home. I give a \$75 discount for an office or other home locations ordered at the same time. If I don't find significant imbalances in the energies of any place I connect to, I reduce the price accordingly, and I often do not charge at all. It all depends on how many connections and how much of my time it takes. For example,*

large business buildings may require several connections to various sections and/or floors. I strive to be fair with my charges. Sometimes I charge more for my services, depending on my time involved, and will sometimes reduce my fees, if appropriate, on a case-by-case basis.

- *Large or Small Tracts of Land (The cost for this depends on the size of property and number of buildings on the property that need to be cleared. Sometimes, each building requires a different connection.)*
- *Real Estate for Sale or for Purchase. I will pre-check potential homes for purchase or rent, as well as the surrounding neighborhood, for \$75 per location. Then when you decide on a home, I will clear it for an additional \$150 (\$100 for a repeat client), which will include a phone session, clearing, and blessing of your new home after you get settled in. I have a different program for real estate agents.*
- *I work with repeat clients for a reduced rate of \$200 for a session, and \$125 for each additional clearing requested at the same time.*
- *I work with some people on a regular basis, such as quarterly, and we offer reduced rates for this. For example, the base rate for my Regular Program Sessions is \$88 per clearing. This is especially helpful if you have people regularly coming into your home or office for therapy. Once we agree on the frequency of clearings you desire, we set it up on automatic billing. Let us know if you're interested in more information about this.*

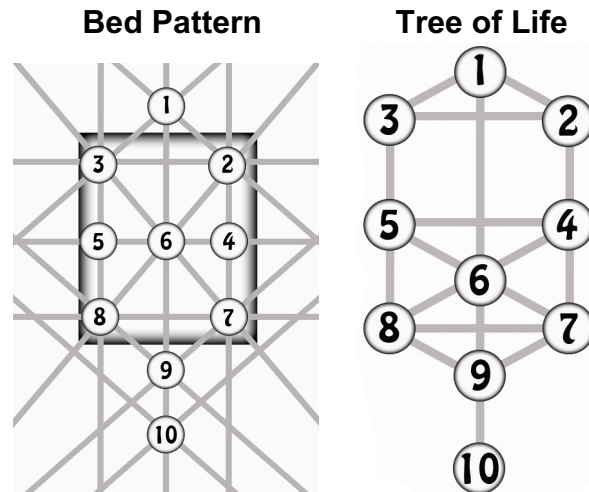

How I Work with Subtle Energies

Very little of what I do is intuitive, though my assessment may sound like a psychic reading. I use dowsing to explore the world of subtle energies that are everywhere within and around us. Just about anyone can learn to detect these energies with dowsing, yet the most sensitive scientific instruments, meters, and gauges cannot detect these energies. And it takes much experience to really understand the energies and how to work with them. I use L-rods to find these energies, which are L-shaped pieces of wire. I use the Blessing Process to remote some energies and bring other energies into balance.

With my dowsing, I have found a crisscrossing pattern or matrix of energies around every human being that I call the Human Energy Pattern. This energy pattern is connected to each of us, and it goes with us everywhere we go. I base my work on Human Energy Patterns. We always imprint our Human Energy Patterns around beds, so what I call the "Bed Pattern" is an imprint of a Human Energy Pattern. At the core of this pattern is what I consider to be the human soul level of the Tree of Life in Kabbalah. (See Illustrations below.)

Introduction to Joey Korn's Remote Spiritual Housecleaning Sessions

We want our energy patterns to be clear, balanced, and beneficial, but most of us have some imbalances in our patterns. We'll remove all energies interference with that balance, and then we'll improve all the energies to make them ideal to support you and your family. You'll also learn how you can keep them clear and balanced.

Geopathic Stress or Energetic Mirrors?

I'd like to explain my understanding of what many call "geopathic stress," as compared to how most others think about it, if they've even heard of it. Dowzers and many others around the world believe there are energies in the Earth that can cause problems in our lives. They think that your home (or anyone's home) might happen to have been built in these detrimental Earth energies, and, more significantly, that your bed, your desk, or your favorite chair may have been placed in these energies. They believe that these energies weaken us, weaken our immune systems and, over time, can cause illness and other problems in our lives, hence the term "geopathic stress." "Geo" means "of the Earth" and "pathic" relates to illness. It is also believed that they can cause mental, emotional, relationship, and financial problems, just to name a few.

The True Role of the Earth Energies in Our Homes

In my opinion, that way of thinking goes contrary to most spiritual teachings that say that the Universe supports us in life. I've come to the understand that *the*

Introduction to Joey Korn's Remote Spiritual Housecleaning Sessions

Earth energies are here to support us, not harm us. They are our energetic mirrors, constantly reflecting us back to us. We make the Earth energies detrimental with our negative thoughts, actions, and emotions, with our inappropriate reactions to our struggles and strains of life, not the other way around.

The Earth Energies in our homes can either be balanced and beneficial or unbalanced and detrimental, as to their effect on us. This can be detected and experienced quite easily with dowsing and muscle testing. For the most part, by far, I've come to understand that these energies are caused to be detrimental or beneficial by us—by people. It all starts with the Human Energy Pattern.

How the Earth Energies Become Detrimental?

Imbalances in our lives manifest as imbalances in our energy patterns. These imbalances can be found with dowsing, and they affect us, as well as others, as though they were detrimental energies. Let's assume that you start your life with a completely balanced energy pattern, which I consider to be the natural order of things. As you have negative or inappropriate reactions to your issues in life, you cloud portions of your pattern that are related to that issue. As one issue builds on top of other issues, your pattern continues to cloud more and more until parts of it become what I call "out of balance," or detrimental. The more fear, anxiety, anger, jealousy, etc. that you have in your life, the more out of balance you make your energy pattern.

The imbalances in your own Human Energy Pattern will reflect out as detrimental Earth energies in any room you are physically in or any room you are imprinted in. You can imprint your pattern in time and space anywhere you happen to be, and you always imprint your pattern when you lie down on a physical structure like a bed. At this level, I call it the Bed Pattern. This imprint is a part of you and you are connected to it, no matter how far you are away from this pattern. If you do something to change your Human Energy Pattern, such as with the Simple Blessing Process, which we will use together, it will change your Bed Pattern, and vice versa.

If your imbalances are strong enough, meaning your anger, fear, anguish, etc. are intense enough, they will extend out, making the same pattern over your entire home, as the "House Pattern." This pattern is in what I call "higher order Earth energy lines related to your home and property." If any portion of your House Pattern is detrimental, all of your House Pattern will be detrimental. A detrimental House Pattern is related to more deep-seated issues in your life. It's all about the intensity of your imbalances.

If your imbalances are even more intense, they can extend into what dowsers call the Hartmann Grid, the Curry Grid, and the Benker Grid, in that order. The

Introduction to Joey Korn's Remote Spiritual Housecleaning Sessions

stronger your imbalances or the more intense your fear and anxiety, the more detrimental Earth energies you will have in your living environment. It's a matter of the degree of intensity.

Again, most people who do space clearing work would say these energies create "geopathic stress zones" and that these energies actually cause the problems in our lives. I have come to understand that it's the other way around. Our negative or inappropriate reactions to our stresses and strains of life cause the Earth energies around us to be detrimental. They're reflecting us back to us. Doesn't that make more sense?

Dowsers have found that blocking, diverting, neutralizing, or avoiding these energies helps the people living in that particular home. This is true, but what they're doing is indirectly affecting the energies of the people. It's like treating the symptoms rather than the source of the pain. For the most part, if you just balance the Human Energy Patterns of the people living in and/or imprinted in that home with appropriate blessing work, all or most of the Earth energies in the home will come into balance and become beneficial. Some energies have to be removed in order to keep the energies of the home beneficial. I determine which energies need to be balanced and which need to be removed when I do the dowsing.

The Best Part: You'll Actually Learn How to Clear All the Energies Yourself!

Before we have our session, we'll send an email with a few documents that will help you learn to clear the energies yourself. During our session, I'll explain what we'll be doing and why it works, using images on the documents. Then you'll go through a blessing process that will clear all the energies yourself! This will work with almost all the energy problems affecting you and your family. The only exception would be Earthbound Spirits. In that case, we'll go through that process together, after you clear the other energies. Then I'll do a final clearing over all the energies to make things even better for you and your family.

After we complete our session, I will give you access to a series of blessing files that will help you understand how to keep the energies in your own pattern(s) and in your home or office balanced and beneficial. Don't forget that you can call on me for a follow-up within 90 days of our session, if you feel the need.

Thank you again for your interest in working with me. I look forward to our session or sessions together.
