

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

Thank you for your interest in my personal energy and space clearing services. This article is intended to help you better understand the process we will go through, if you decide to have a session with me. If you'd like to schedule an appointment, please call or email us, unless you've already done so. Our phone number and email addresses are at the bottom of each page. If you have already set up a session, I'll send a Zoom link within an hour before our scheduled session time. *However, if you haven't received the link by fifteen minutes before our session time, please call us at 706-733-0204.*

I like to know as little as possible about what's going on in your life, *until after I do the dowsing work*. Once we connect on Zoom, I will have done that, so we can talk about anything. *I want to know what's going on in your life*. However, if you feel the need to share more with us before our session, feel free to talk with my wife, Jill, about it. She knows when something is relevant to tell me before I explore the energies with dowsing. Again, our contact information is at the bottom of each page.

The first thing people usually ask when considering a session is the cost. See the info below about the cost of a typical session with me, and more info is included after the articles below.

- **Remote Personal Energy and Space Clearing for Your Home and Family:** The fee for a session with me is \$300 for a home and family or small business/workplace no larger than a typical home, including employees. Sessions with repeat clients are \$250. Additional homes and offices are \$100 extra for each one, but depending on the circumstances, it's often less. If you want to have your business or office cleared, I'll also want to check your home. If I don't find significant imbalances in the energies of any place I connect to, I do not charge for that location at all. I strive to be fair with my charges.
- *However, if the fee I charge for a home and personal clearing would put a financial burden on you, I have other options, which you'll see after the article below, or I may reduce the price to accommodate you. Just let us know.*
- *I give all my clients access to a very informative lecture video about my work.* The presentation I will give during our session is a brief overview of this much longer lecture video. I typically sell access to that video for \$100, but it is included in the cost of a session.

What We'll Do in Our Session

Before our scheduled appointment time, I will have established an energetic connection with you, your family (if you have family), and your home, by saying an extended

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

blessing to connect all the energies in your home and property to my home and property. Once I create the connection, for all intents and purposes, I will have a holographic energetic imprint of your home and property over my home and the portion of the property your home is on, and a direct connection between the two. I can then explore all the energies in my home as though I were in your home, and I can find all the energies that may be affecting you and your family there. (Most space clearers wouldn't dare do this, but I feel very safe with this process.) I also do clearings for businesses, larger tracts of land, properties for sale or rent, or for properties you might consider purchasing. You'll see Services and Fees after this article.

I call for all the energies I work with to connect, including:

- Human-related energies, including people living in your home and those who may be imprinted in or energetically connected to your home,
- Pets,
- Earth Energies, such as underground water, energy leys, and Hartmann & Curry Grid Lines, what I now call Checkerboard & Diagonal Grids, which I'll explain,
- Electrical fields around appliances and other electrical devices,
- And any other energies that may be appropriate for me to be aware of to help you and your family.

Remember, We Create Our Own Energy Environments

We are energy beings living in a sea of invisible energies. We create our energy environments with our thoughts, actions, and emotions. The energies in our home are macrocosms of the energies within us. You and others you live with affect the energies of your home, as well as others who might be energetically connected to your home, such as friends and family members who have visited and possibly, former occupants, if you haven't lived in your current home very long. Anyone close to you and in regular contact with you can imprint in your home, even if you just communicate over the phone, FaceTime, etc. and think about them a lot. *However, that doesn't mean it's common for people you have such contact with to connect in and affect the energies of your home. It's your close relationship with them that causes the connection.*

There can also be external influences, such as Earthbound Spirits and, most likely, Interference Energy. However, even if you have an Earthbound Spirit hanging around you and your family, don't fear or worry about this. I can help to "move him/her on." Even if it's a loved one who has passed, it's better for him/her and for you for the soul to go Home, what you might call Heaven or the Higher Realms.

Interference Energy is much more common than the presence of Earthbound Spirits. If you have concerns about the energies in your home, it is quite likely you have Interference Energy connected to at least one person in your home. For most people, these energies cause anxiety, insomnia, etc., and they exacerbate all negativity,

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

including symptoms of illness and disease. Interference Energy and Earthbound Spirits can also cause paranormal experiences in homes, like knocking and rapping sounds, lights going on and off, strange odors, and much more, but most people do not experience this. (To learn much more about Interference energy, it would also be helpful to read my article, "[Things that Go Bump in the Night](#)," to learn more about this. However, please finish reading this article first. You'll get much more out of our time together if you read both, and you'll understand what we discuss and do much better.)

The most common way to attract Interference Energy, before Covid, was by entering intense negative thoughts and emotions, typically due to our reactions to difficult or traumatic events in your life, such as a health crisis, a break-up in the family, etc. After someone attracts Interference Energy, it can then spread to others like a virus. I consider Interference Energy to be an energetic virus.

As is explained in the article linked above, since Covid started, with practically all the world governments spreading fear around the world, and the anger because of the political dichotomies happening throughout the world, more people have attracted Interference Energy than ever before. Because of this, the most common way to attract it now is by "catching it" from others, which can be from a member of the household or through imprints of your energy patterns in other places. For example, hotels, B&Bs, vacation rentals, and cruise ships are now hotbeds for Interference Energy.

You leave imprints of your energy pattern anywhere you lie down on a surface that's raised off the floor, such as a bed, a couch, a massage table, etc. Other people will be imprinted there too, and if they have Interference Energy, it will affect all who get imprinted there, even after they leave. I estimate that well over than half the population of the planet is either directly or indirectly affected by Interference Energy, wreaking much havoc in the world.

Benefits of a Session with Joey

After a session with me, your Human Energy Pattern and the energy patterns of others who may live with you will be back to normal. The energies within you and around you, throughout your home and property, will be ideal to support what you most desire to bring into your life.

Clients have also shared the following:

- They feel better in general, especially while in their home or workplace;
- The energies of the home feel lighter, often immediately;
- They sleep better;
- They feel more energetic;
- They feel less anxious;
- They report less feelings of "being stuck" in life;
- They have better relationships with their spouses, children, and others;

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

- They are able to handle their stresses and strains of life better;
- Their pets are calmer;
- Nightmares usually end, if they're happening, or be far less frequent;
- If paranormal activity has been going on in the home because of interference Energy, which is the most common cause, it stops;
- And most people feel more clarity and focus in life.

I'll do one follow-up within 90 days of the original session at your request, if you feel the need. There is no extra charge for this. I will connect to the energies of your home again, do the dowsing, clear all energy problems for you, and I send you an email to tell you what I will have found and done, and I will encourage you to keep up with the Maintenance Instructions. I may encourage you to do the blessing work more often. This will build confidence that you can do it on your own. However, if either of us feels the need to talk, we'll get on the phone.

You'll finish our session with a clean slate, energetically. It's then up to you to keep it that way with regular use of the Simple Blessing Process and another, both of which I will send you. Remember, also, that you must still take appropriate actions to resolve your key life issues. I don't "fix" your problems or heal your illnesses or diseases, but clearing the Interference Energy will make it much easier for you and those living with you, to heal and resolve your life issues.

The Best Part: *You'll Actually Learn How to Clear All the Energies Yourself!*

Before we have our session, we'll send an email with a blessing file that will help you learn to clear the energies yourself. During our session, I'll explain what we'll be doing and why it works, using descriptions and images in a PowerPoint presentation. Near the end of our session, after I go through the presentation, *you'll go through a very simple, yet powerful blessing process, through which you will clear all the energies yourself!* This will work with almost all the energy problems affecting you and your family. The only exception would be Earthbound Spirits, which is not nearly as common as Interference Energy. In that case, we'll go through that process together, after you clear the other energies.

After we complete our session, I will give you access to a series of blessing files that will help you understand how to keep the energies in your own energy pattern(s) and in your home and/or office balanced and beneficial. I'll also send you access to a 2 ½-hour video of a lecture I did in January 2023, that you can download and save to your computer, so you can watch at your leisure. This is the most informative talk I've ever given. We sell it our web site for \$100, but you'll get it as part of our session for no extra charge. In this lecture, I will give you much more info and understanding that I can do in the session we'll have on the phone, and I'll give much background info.

You've now read enough to be prepared for a session with me. If you choose to have a family member join us in our session, such as a partner or spouse, please have them read this article as well, or the session will take longer than it needs to be. We can usually complete a session, including the clearing work at the end, within about 60 to 75 minutes. Multiple properties may take a little longer.

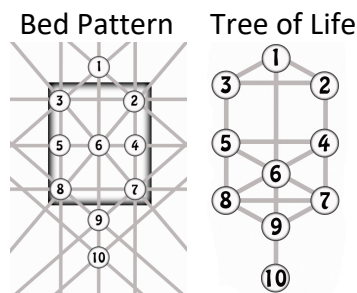

I've included more information below to help you understand my work even better. I know it's a lot to read, but again, reading it will help you get much more out of our time together, and you'll learn a lot. Thank you for your interest in working with me.

How I Work with Subtle Energies

Very little of what I do is intuitive, though my assessment may sound like a psychic reading. I use dowsing to explore the world of subtle energies that are everywhere within and around us. Just about anyone can learn to detect these subtle energies with dowsing, yet the most sensitive scientific instruments, meters, and gauges cannot detect these energies. However, it takes much experience to really understand the energies and learn how to work with them. I use L-rods to find these energies, which are basically L-shaped pieces of wire. I use the Blessing Process to remove some energies and bring other energies into balance.

With my dowsing, I have found a crisscrossing pattern or matrix of energies around every human being that I call the Human Energy Pattern. This energy pattern is connected to each of us, and it goes with us everywhere we go. I base my work on Human Energy Patterns. We always imprint our Human Energy Patterns around beds, so what I call "Bed Patterns" are imprints of Human Energy Patterns. At the core of this pattern is what I consider to be the human soul level of the Tree of Life in Kabbalah. To learn more about this aspect of my work, go to ["Dowsing the Kabbalistic Tree of Life"](#), but again, I encourage you to finish reading this article and return to click on this link.

(See Illustrations below.)

We want our energy patterns to be clear, balanced, and beneficial, but most of us have a set of typical imbalances in our patterns, which is normal. It's just from dealing with

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

life. We'll remove all energies interfering with that balance, and then we'll improve all the energies to make them ideal to support you and your family. You'll also learn how you can keep them clear and balanced pretty much 24 hours a day with a special blessing process. It's very easy to do this. You'll get this info in a blessing file handout that I'll send you after our session.

Geopathic Stress or Energetic Mirrors?

I'd like to explain my understanding of what many call "geopathic stress," as compared to how most space clearers think, if they've even heard of it. Many dowsers and other space clearers around the world believe there are energies in the Earth that can cause problems in our lives. The most common Earth Energy is related to underground water. Many dowsers believe that your home (or anyone's home) might happen to have been built in these and other detrimental Earth energies, and, more significantly, that your bed, your desk, or your favorite chair may have been placed in intersections of these energy fields. They believe that these energies weaken us, weaken our immune systems and, over time, can cause illness and other problems in our lives, hence the term "geopathic stress." "Geo" means "of the Earth" and "pathic" relates to illness. It is also believed that they can cause mental, emotional, relationship, and financial problems, just to name a few. Dowsers typically do things to remove, divert, or block these energy fields, or they simply get you to move beds that are in these energies. I've determined better ways to improve these energies and make them all beneficial to you and your family.

The True Role of the Earth Energies in Our Homes

In my opinion, that way of thinking is contrary to most spiritual teachings that say that Nature, the Earth, and the Universe supports us in life, and I agree. I've come to understand that the Earth energies are here to support us, not harm us. They are our energetic mirrors, constantly reflecting us back to us. We make the Earth energies detrimental with our negative thoughts, actions, and emotions, with our inappropriate reactions to our struggles and strains of life, not the other way around.

The Earth Energies in our homes can either be balanced and beneficial, or unbalanced and detrimental, as to their effect on us. This can be detected and experienced quite easily with dowsing and muscle testing. For the most part, by far, I've come to understand that these energies are caused to be detrimental or beneficial by us—by people, by entering intense modes of thought and emotion in reaction to difficult life circumstances. I base all my clearing work on the Human Energy Pattern, because if I find significant imbalances in Human Energy Patterns in a home, I know something is causing those imbalances.

How Do the Earth Energies Become Detrimental?

Imbalances in our lives manifest as imbalances in our energy patterns. These imbalances can be found with dowsing, and they affect us, as well as others, as though

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

they were detrimental energies. Let's assume that you start your life with a completely balanced energy pattern, which I consider to be the natural order of things. As you have negative or inappropriate reactions to your issues in life, you cloud portions of your pattern that are related to that issue. As one issue builds on top of other issues, your pattern continues to cloud more and more until parts of it become what I call "out of balance," or detrimental. The more fear, anxiety, anger, jealousy, etc. that you have in your life, the more out of balance you make your energy pattern.

The imbalances in your own Human Energy Pattern will reflect out as detrimental Earth Energies in any room you are physically in or any room you are imprinted in. You can imprint your pattern in time and space anywhere you happen to be, depending on the circumstances, but you *always* imprint your pattern when you lie down on a physical structure raised off the floor, like a bed. At this level, I call it the Bed Pattern. This imprint is a part of you, and you are connected to it, no matter how far you are away from this pattern. If something happens to change your energy pattern, for better or worse, it will simultaneously change all the imprints of your energy pattern that you have left in places, such as anywhere you have laid down in the last few weeks or months.

If your imbalances are strong enough, they will extend out, making the same pattern over your entire home, making what I call the "House Pattern" detrimental. This pattern is in what I call "higher order or larger Earth energy fields related to your home and property." If any portion of your House Pattern is detrimental, your entire House Pattern will be detrimental. This can be caused by imprints of a family member's energy pattern elsewhere, where others are imprinted with energy problems, including hotel rooms, vacation rentals, therapists' offices, etc. You'll leave an imprint of your energy anywhere you lie down on a physical structure that's raised off the floor, even if you only lie down for one second.

If someone in your family has attracted what I call Interference Energy, it will cause all the natural energy grids in your home to be detrimental. *This is the case in almost every session I do.*

Again, most people who do space clearing work would say the Earth Energies create "geopathic stress zones" and that these energies cause the problems in our lives. I have come to understand that it's the other way around; our negative or inappropriate reactions to our stresses and strains of life cause the Earth energies around us to be detrimental. They're reflecting us back to us. Doesn't that make more sense?

Other dowers have found that blocking, diverting, neutralizing, or avoiding these energies helps the people living in that home. This is true, but what they're doing is indirectly manipulating the energies of the people in that home. It's like treating the symptoms rather than the source of the pain or illness. For the most part, if you just

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

remove the sources or causes of the imbalances in the Human Energy Patterns of the people living in and/or imprinted in that home with appropriate blessing work, all or most of the Earth energies in the home will come into balance and become beneficial. Some energies, such as Interference Energy, must be removed to keep the energies of the home beneficial. I determine which energies need to be improved and which need to be removed when I do the dowsing.

Services and Fees:

- Remote Personal Energy and Space Clearing for your Home and family, your Business, or your Workplace. The fee for a session is \$300 for a home or small business/workplace no larger than a typical home. Additional homes and offices are usually \$100 extra for each one, but depending on the circumstances, it may be less. If I don't find significant imbalances in the energies of any place I connect to, I reduce the price accordingly, and I often do not charge at all. It all depends on how many connections and how much of my time it takes. For example, large business buildings may require several connections to various sections and/or floors. I strive to be fair with my charges. Sometimes I charge more for my services, depending on my time involved, and will sometimes reduce my fees, if appropriate, on a case-by-case basis.
- *However, if the fee I charge for a home and personal clearing would put a financial burden on you, I have other options. I can send you a 2 1/2-hour video, called "A Silent Global Pandemic and How to Clear It," which you can learn about by [Clicking Here](#). It will include everything we would cover on the phone with MUCH more, including much background info. You'll learn to clear almost any energy problems, within and around you very easily, with no experience necessary, other than watching the video and downloading a blessing file, which will be included. I would begin by dowsing your family and your home and giving you my assessment. Then I would send the video. After you watch it and go through the blessing process that will be provided, I'll check to make sure it worked for you and let you know. The only thing you would miss is being able to discuss what is going on in your life with me. This option is \$200.*
- *If you just want to get the video to watch, receive all blessing files I send to my clients, including Maintenance Instructions, without me confirming that the blessing process worked for you, that would be \$100.*
- I work with repeat clients for a reduced rate of \$250 for a session, and \$75 for each additional clearing requested at the same time, but only if I find energy problems there.

Introduction to Joey Korn's Remote Spiritual Personal and Space Clearing Sessions

- **Joey's Subscription Program:** I work with some people on a regular basis, such as monthly, and we offer discounted rates for this Subscription Program. For example, the base rate for my Regular Program Sessions is \$100 per clearing. This is especially helpful if you have people regularly coming into your home or office for therapy, or have someone in your home with significant health problems. Once we agree on the frequency of clearings you desire, we set it up on automatic billing. Let us know if you're interested in more information about this.
- **Clearing Spaces When Traveling:** As stated above, hotels, B&Bs, vacation rentals, etc. are hotbeds for Interference. Just by lying down in a bed will leave a lasting imprint, and you will be affected by imprints of former occupants. If any of them have Interference Energy connected, it will negatively affect you even after you leave that place, and you can then "catch it" yourself. Some of my clients have me clear these places before they spend the first night, and I remove their energy patterns after they leave, to protect them being affected by future occupants. I charge \$100 per location to do this for them.
- **Large or Small Tracts of Land** (The cost for this depends on the size of property and number of buildings on the property that need to be cleared. Sometimes, each building requires a different connection. However, if it's a part of a home clearing, and I find no energy problems in the property that the home is on, there will be no extra charge.)
- **Real Estate for Sale or for Purchase.** I will pre-check potential homes for purchase or rent, as well as the surrounding neighborhood, for \$75 per location. Then when you decide on a home, I will clear it for an additional \$200 which will include a phone session, clearing, and blessing of your new home after you get settled in. I have a different program for real estate agents.
